LSW...Integrity You Can Retire On!

How SecurePlus Access works

If a client is 59½ or older and is transferring monies from a non-taxable transaction to this new annuity, then LSW will give the policyholder access to the 3 percent immediate interest credit in the first year on a debit card.*

The client has several options. He or she can choose to leave the 3 percent immediate interest credit in his or her annuity where it will grow tax deferred. The policyholder also can take the immediate interest credit distribution in the first year only either by LSW's SecurePlus Access Debit Card or by cash. Now, you can offer your clients paper or plastic. For more information about LSW's new single premium deferred annuities — the SecurePlus Saver Series — please call our Marketing Sales Desk at 800-906-3310.

* These distributions will be reported as taxable income. Not available for 457 plans.
